

Subject Index to Volume 215 (January-June 1992)

A

- Abdomen
 - packing for surgically uncontrollable hemorrhage, 467
 - septic complications of trauma, in enteral versus parenteral feeding, 503
- Acetaminophen toxicity, glutamine prevention of liver injury in, 114
- Acidosis, with hypothermia and coagulopathy in trauma
 - abbreviated laparotomy in, 476
 - abdominal packing for hemorrhage in, 467
- Adenocarcinoma
 - colorectal, pelvic exenteration in, 63
 - pancreatic
 - CA 19-9 serum levels in, 350
 - DNA ploidy in, 120
 - rectal, preoperative radiation therapy in, 696
- Adenoma, mediastinal parathyroid, angiographic ablation of, (Editorial) 99, 101
- Airflow dynamics in goiters, 83
- Ambiguous genitalia, surgical management of, 644
- Amputation versus limb-sparing operations, in extremity soft tissue sarcoma, 269
- Anastomoses
 - intestinal, blood transfusions affecting healing of, 276
 - Roux-en-Y, gastric emptying after, 363
- Anesthesia, protective effects in spinal cord ischemia, 409
- Aneurysms
 - aortic, infected, 435
 - ventricular, intracavitary repair of, 417
- Angiographic ablation of mediastinal parathyroid adenoma, (Editorial) 99, 101
- Angioplasty, percutaneous coronary, failed, emergency coronary bypass surgery in, 425
- Animal studies
 - blood transfusion and anastomosis healing, 276
 - effects of glutamine-enriched total parenteral nutrition in tumor-bearing rats, 107
 - glutamine prevention of liver injury, 114
 - interleukin-2 immunotherapy and L-arginine, 157
 - interleukin-6 production during hepatic regeneration, 553
 - metastasis of solid tumors to lymph nodes, 166
 - neurotensin augments gut regeneration, 520
 - protection of ischemic spinal cord during aortic clamping, 409
 - resuscitation in hemorrhagic shock, 377
 - systemic processing of IgA after burn injury, 338
 - therapy in acute pancreatitis, 44
- Anus
 - combined chemoradiation therapy for cancer of, 150
 - implantable artificial sphincter in incontinence, 383
- Aorta
 - aneurysms of, infected, 435
 - infarenal occlusion of, and protective measures in spinal cord ischemia, 409
 - juxtarenal occlusion of, 443
- Appendectomy, laparoscopic, 660
- L-Arginine enhancement of interleukin-2 immunotherapy, 157
- Aspiration risk, jejunostomy in, 140
- Axillary wounds, closed suction drains in, 146

B

- Bile, IgA concentration in, after burn injury, 338
- Biliary tract
 - cholangiography during laparoscopic cholecystectomy, 209
 - selective use of, 669
 - congenital choledochal dilatation, 27
 - extrahepatic bile duct carcinoma, 125
 - injury during laparoscopic cholecystectomy, (Editorial) 195, 196, 203
 - perineural invasion of bile duct carcinoma, 344
 - resection for hilar cholangiocarcinoma, 31
- Blood flow
 - intracranial, during carotid endarterectomy, 514
 - wound, in various suturing techniques, 266
- Blood transfusions
 - and healing of intestinal anastomoses, 276
 - single pretransplant donor-specific, in kidney transplantation, 618
- Book reviews, 192, 294
- Breast cancer
 - closed suction drainage after lumpectomy and axillary node dissection in, 146
 - invasive, nonpalpable (Letters), 89
 - locoregional recurrence after breast conservation therapy for (Letters), 90
 - male, current management of, 451
 - mastectomy after preoperative chemotherapy in (Letters), 88
- Brush border glutamine transport, cytokine modulation of, 536
- Burns
 - hypermetabolic response to, 485
 - systemic processing of IgA in, 338
- Bypass surgery
 - coronary artery, emergency, for failed PTCA, 425
 - gastric
 - Greenville procedure in type II diabetes mellitus, 633
 - long-limb, in superobese, 387

C

- CA 19-9 serum levels, in pancreatic adenocarcinoma, 350
- Caco-2 cell glutamine transport, cytokines and, 536
- Carcinoma. See Tumor
- Carotid endarterectomy, intraoperative transcranial Doppler monitoring in, 514
- Cerebral ischemia, intraoperative transcranial Doppler monitoring of, 514
- Chemotherapy
 - in anal cancer, combined with radiotherapy, 150
 - in breast cancer, mastectomy after (Letters), 88
- Children. See Pediatric conditions
- Cholangiocarcinoma, hilar, resection for, 31
- Cholangiography, in laparoscopic cholecystectomy, 209
- selective use of, 669
- Cholangitis, sclerosing, and ulcerative colitis in liver transplantation, 598
- Cholecystectomy
 - in county and private hospitals, socioeconomic changes affecting, 318
 - laparoscopic. See Laparoscopic cholecystectomy

- Choledochal dilatation, congenital, 27
- Cholelithiasis
 - in children, laparoscopic cholecystectomy in, 186
 - postgastrectomy, 19
- Coagulopathy, with hypothermia and acidosis in trauma
 - abbreviated laparotomy in, 476
 - abdominal packing for hemorrhage in, 467
- Colectomy, and endorectal ileal pullthrough procedure, 57
- Colitis, ulcerative
 - colectomy and endorectal ileal pullthrough procedure in, 57
 - and sclerosing cholangitis in liver transplantation, 598
- Colorectal cancer
 - metastatic to liver, formal hepatic resection in, 677
 - pelvic exenteration in, 63
- Congenital choledochal dilatation, 27
- Contractile function of gallbladder, postgastrectomy, 19
- Coronary angioplasty, percutaneous, failed, emergency coronary bypass surgery in, 425
- Coronary artery bypass surgery, emergency, for failed PTCA, 425
- Crohn's disease, ileal recurrence in, 546
- Cyclosporine, in renal transplantation
 - in quadruple immunosuppressive therapy, 606
 - and single pretransplant donor-specific transfusion, 618
 - weaning from, 368
- Cystadenoma of pancreas, serous, 132
- Cystic fibrosis, and meconium ileus, 179
- Cytokines
 - and Caco-2 cell glutamine transport, 536
 - serum levels in sepsis, 356

D

- Diabetes mellitus
 - midfoot ulcers in, 627
 - type II, gastric bypass in, 633
- Diet. See Nutrition
- DNA ploidy
 - in colorectal liver metastases, 677
 - in pancreatic adenocarcinoma, 120
- Doppler monitoring
 - with laser flowmeter, of wound blood flow in various suturing techniques, 266
 - transcranial, in carotid endarterectomy, 514
- Drainage procedures
 - closed suction, in axillary wounds, 146
 - in pseudocyst of pancreas, 571
 - in transplantation of pancreas, 586

E

- Editorials, 1, 99, 195, 297
- Electromyographic profile of jejunum, postoperative, 237
- Endorectal ileal pullthrough procedure, colectomy and, 57
- Endoscopic transthoracic sympathectomy, in hyperhidrosis, 289
- Exenteration, pelvic, for colorectal adenocarcinoma, 63

F

- Fetus, scarless wound healing in, (Editorial) 1, 3
- Fibrosis, cystic, and meconium ileus, 179

- Flow volume loop in goiters, 83
- Fluid administration, in resuscitation of hemorrhagic shock, 377
- Foot, diabetic ulcers of, 627
- Fundoplication, Nissen, in neurologic disability, 654

G

- Gallbladder
 - inapparent carcinoma of, 326
 - laparoscopic cholecystectomy. See Laparoscopic cholecystectomy
 - postgastrectomy sludge and stone formation, 19
- Gallium scintigraphy, in malignant soft tissue neoplasms, 78
- Gallstones
 - in children, laparoscopic cholecystectomy in, 186
 - postgastrectomy, 19
- Gastrectomy, gallbladder sludge and stone formation after, 19
- Gastrin, and growth of stomach cancer cells, 528
- Gastrinomas, in Zollinger-Ellison syndrome
 - collective surgical experience in, 561
 - curative resection in, 8
- Gastroesophageal reflux, and neurologic disability, Nissen fundoplication in, 654
- Gastrointestinal tract
 - blood transfusions and healing of intestinal anastomoses, 276
 - colectomy and endorectal ileal pullthrough procedure, 57
 - collective surgical experience in Zollinger-Ellison syndrome, 561
 - curative resection in Zollinger-Ellison syndrome, 8
 - cytokine modulation of brush border glutamine transport, 536
 - delayed gastric emptying after Roux-en-Y gastrojejunostomy, 363
 - Greenville gastric bypass in diabetes mellitus, 633
 - ileal recurrence in Crohn's disease, 546
 - jejunostomy in aspiration risk, 140
 - long-limb gastric bypass in superobese, 387
 - malrotation of intestine in children, 172
 - meconium ileus, 179
 - neurotensin affecting intestinal regeneration after small bowel resection, 520
 - pelvic exenteration for colorectal adenocarcinoma, 63
 - postgastrectomy gallbladder sludge and stone formation, 19
 - postoperative electromyographic profile of jejunum, 237
 - prognosis in leiomyosarcomas, 68
 - stress ulcers and organ failure in SICU patients, 332
 - typhoid ileal perforation, 244
 - in yersiniosis, 250
- Gastrojejunostomy, Roux-en-Y, gastric emptying after, 363
- Genitalia, ambiguous, surgical management of, 644
- Glucose
 - blood levels in donor, and risk for pancreas allograft loss, 217
 - metabolism in cancer, effect of tumor bulk on, 282
- Glutamine
 - brush border transport, cytokine modulation of, 536
 - in total parenteral nutrition
 - effects on tumor growth and host tissues, 107
 - in prevention of liver injury, 114
- Glutathione, liver, glutamine-supplemented nutrition preserving, 114
- Goiters, flow volume loop in, 83
- Greenville gastric bypass, in type II diabetes mellitus, 633

H

- Health care system, and cholecystectomy in county and private hospitals, 318
- Heart, intracavitary repair of ventricular aneurysm and dyskinesia, 417
- Hemorrhage, surgically uncontrollable, abdominal packing for, 467
- Hemorrhagic shock, resuscitation in, 377
- Hereditary pancreatitis, surgery for, 39
- Hilar cholangiocarcinoma, resection for, 31
- Hyperglycemia in donor, and risk for pancreas allograft loss, 217
- Hyperhydrosis, endoscopic transthoracic sympathectomy in, 289
- Hypermetabolic response to burn injury, 485
- Hyperparathyroidism, primary, (Editorial) 297, 300
 - persistent, in mediastinal parathyroid adenoma, (Editorial) 99, 101
- Hypothermia
 - with acidosis and coagulopathy in trauma
 - abbreviated laparotomy in, 476
 - abdominal packing for hemorrhage in, 467
 - protective effects in spinal cord ischemia, 409

I

- Ileum
 - patterns of Crohn's disease recurrence, 546
 - typhoid perforation, 244
- Ileus, meconium, 179
- Immunoglobulins
 - systemic processing of IgA after burn injury, 338
 - total IgE levels in trauma or sepsis, 460
- Immunologic variables in pancreas allograft loss, 217
- Immunosuppression, in renal transplantation
 - quadruple therapy in, 606
 - and single pretransplant donor-specific transfusion, 618
 - weaning from cyclosporine in, 368
- Immunotherapy, interleukin-2, and L-arginine, 157
- Incontinence, anal, implantable artificial anal sphincter in, 383
- Infections
 - in abdominal trauma, effects of enteral versus parenteral feeding in, 503
 - cytokine serum levels in, 356
 - immunoglobulin IgE plasma levels in, 460
 - mycotic aortic aneurysms, 435
- Insulinomas, venous sampling in (Letters), 87
- Intensive care units, surgical, stress ulcers and organ failure in, 332
- Interleukins
 - IL-1a serum levels in sepsis, 356
 - IL-2 immunotherapy and L-arginine, 157
 - IL-6 production during hepatic regeneration, 553
 - IL-6 serum levels in sepsis, 356
- Ischemia
 - cerebral, intraoperative transcranial Doppler monitoring of, 514
 - spinal cord, protective effects of anesthesia and hypothermia in, 409
- Islet cell tumors of pancreas, venous sampling in (Letters), 87

J

- Jejunostomy in aspiration risk, 140
- Jejunum, postoperative electromyographic profile of, 237

K

- Kidney transplantation
 - pancreas transplant with
 - systemic and portal drainage in, 586
 - University of Wisconsin cold storage solution in, 579
 - quadruple immunosuppressive therapy in, 606
 - single pretransplant donor-specific transfusion and cyclosporine in, 618
 - weaning from cyclosporine in, 368
- Kupffer cells, production of interleukin-6 and PGE₂ during hepatic regeneration, 553

L

- Laparoscopic appendectomy, 660
- Laparoscopic cholecystectomy
 - biliary injury in, (Editorial) 195, 196, 203
 - in children, 186
 - cholangiography in, 209
 - selective, current role of, 669
 - safety and efficacy of (Letters), 91
- Laparotomy, abbreviated, and planned reoperation in critical injury, 476
- Laser Doppler flowmetry, of wound blood flow in various suturing techniques, 266
- Leiomyosarcomas, gastrointestinal, prognosis in, 68
- Letters to the Editor, 87
- Limb-sparing operations versus amputation, in extremity soft tissue sarcoma, 269
- Liver
 - formal resection of metastasis from colorectal cancer, 677
 - glutamine prevention of injury in acetaminophen toxicity, 114
 - interleukin-6 and PGE₂ production during regeneration of, 553
 - transplantation of
 - sclerosing cholangitis and ulcerative colitis in, 598
 - University of Wisconsin cold storage solution in, 579
 - trauma of, significant trends in treatment of, 492
- Lymph node metastasis of solid tumors, 166

M

- Malrotation of intestine in children, 172
- Mastectomy, after preoperative chemotherapy (Letters), 88
- Meconium ileus, 179
- Mediastinal parathyroid adenoma ablation, (Editorial) 99, 101
- Melanoma, metastatic to lymph nodes, 166
- Metabolism
 - in burns, hypermetabolic response in, 485
 - in cancer, effect of tumor bulk on, 282
- Metastasis
 - of bile duct carcinoma to perineurium, 344
 - of colorectal cancer, formal hepatic resection in, 677
 - of solid tumors to lymph nodes, 166
- Multiple organ failure, stress ulcers and, in SICU patients, 332
- Mycotic aortic aneurysms, 435

N

- Neurologic disability, Nissen fundoplication in, 654
- Neurotensin, affecting intestinal regeneration after small bowel resection, 520

Nissen fundoplication, in neurologic disability, 654

Nutrition

- L-arginine supplementation in interleukin-2 immunotherapy, 157
- effects of glutamine-enriched total parenteral nutrition on tumor growth and host tissues, 107
- enteral versus parenteral feeding after abdominal trauma, 503
- jejunostomy in aspiration risk, 140
- management and survival of meconium ileus, 179
- protective effect of glutamine in acetaminophen-induced hepatic necrosis, 114

O

Obesity

- Greenville gastric bypass for diabetes in, 633
- long-limb gastric bypass in, 387

P

Pancreas

- advanced cancer of, indications for pancreatectomy in, 231
- CA 19-9 serum levels in adenocarcinoma of, 350
- cystadenoma of, serous, 132
- DNA ploidy in ductal adenocarcinoma, 120
- pseudocyst of, drainage procedures in, 571
- transplantation of
 - with kidney transplant, University of Wisconsin cold storage solution in, 579
 - risk factors for allograft loss in, 217
 - systemic and portal drainage in, 586
- venous sampling in islet cell tumors (Letters), 87

Pancreatectomy, for advanced pancreas cancer, preoperative indications for, 231

Pancreatitis

- acute, better model of, 44
- hereditary, surgery for, 39

Parathyroid gland

- angiographic ablation of mediastinal adenoma of, (Editorial) 99, 101
- primary hyperparathyroidism, (Editorial) 297, 300
- persistent, in mediastinal parathyroid adenoma, (Editorial) 99, 101

Pediatric conditions

- ambiguous genitalia, surgical management of, 644
- choledochal dilatation, congenital, 27
- colectomy and endorectal ileal pullthrough procedure in, 57
- intestinal malrotation, 172
- laparoscopic cholecystectomy in, 186
- meconium ileus, 179

Pelvic exenteration for colorectal adenocarcinoma, 63

Pelvic malignancy, posterior, composite resection of, 685

Perineural invasion of bile duct carcinoma, 344

Polyposis of colon, colectomy and endorectal ileal pullthrough procedure in, 57

Portal vein, pancreatectomy for advanced pancreas cancer involving, 231

Presidential Address, Southern Surgical Association, 397

Prostaglandins, production of interleukin-6 and PGE₂ during hepatic regeneration, 553

Pseudocyst, pancreatic, drainage procedures in, 571

R

Radiation therapy

- in anal cancer, combined with chemotherapy, 150
- in extrahepatic bile duct carcinoma, 125
- in rectal adenocarcinoma, preoperative, 696

Rectal adenocarcinoma, preoperative radiation therapy in, 696

Roux-en-Y procedures

- and gastric emptying after gastrojejunostomy, 363
- and long-limb gastric bypass in superobese, 387

S

Sarcomas

- methylcholanthrene-induced, effects of glutamine-enriched total parenteral nutrition in, 107

soft-tissue

- of extremity, amputation versus limb-sparing operations in, 269
- gallium scintigraphy in, 78
- gastrointestinal, prognosis in, 68

Scarless fetal healing, (Editorial) 1, 3

Scintigraphy, gallium, in malignant soft tissue neoplasms, 78

Sepsis

- in abdominal trauma, effects of enteral versus parenteral feeding in, 503
- cytokine serum levels in, 356
- immunoglobulin IgE plasma levels in, 460

Seroma formation, after lumpectomy and axillary node dissection for breast cancer, prevention of, 146

Shock, hemorrhagic, resuscitation in, 377

Sludge formation in gallbladder, postgastrectomy, 19

Socioeconomic changes, and cholecystectomy in county and private hospitals, 318

Southern Surgical Association, Presidential Address, 397

Spinal cord ischemia, protective effects of anesthesia and hypothermia in, 409

Spleen

- autotransplanted, functional tests of, 256
- trauma of, (Letters) 92, 261

Stomach

- cancer cells, gastrin affecting growth of, 528
- delayed emptying after Roux-en-Y gastrojejunostomy, 363
- Greenville bypass in type II diabetes mellitus, 633
- long-limb gastric bypass in superobese, 387

Stress ulcers, and organ failure in SICU patients, 332

Superobesity, long-limb gastric bypass in, 387

Suturing techniques, and wound blood flow, laser Doppler flowmetry in evaluation of, 266

Sympathectomy, endoscopic transthoracic, in hyperhidrosis, 289

T

Thyroidectomy, flow volume loops in, 83

Transfusions, blood

- and healing of intestinal anastomoses, 276
- single pretransplant donor-specific, in kidney transplantation, 618

Transplantation

- of kidney. See Kidney transplantation
- of liver, sclerosing cholangitis and ulcerative colitis in, 598
- of pancreas
 - risk factors for allograft loss in, 217
